

HORIZON HOUSE SOBER LIVING, LLC

12/26/2025

To Whom It May Concern,

My name is Marshall Richter, owner and founder of Horizon House Sober Living. I am writing this letter in support of Sonja Sadi, a recent member of our program.

Sonja had been a resident of our sober living and where she has shown exceptional motivation and persistence in her recovery journey. She consistently attended all of the Intensive Outpatient Program (IOP) sessions, continues to attend community 12 step meetings, participates in alumni events and continuing care sessions with therapists, has been able to provide consistently clean drug test results, as well as fulfilling other personal obligations. Her ability to stay on track under pressure speaks volumes about her character and determination.

At Horizon House, we maintain a structured, accountability-based environment. We are experienced in working with the courts to implement enhanced restrictions for certain residents as a condition of release—such as curfews, daily or hourly check-ins, and limited privileges, regular drug and alcohol testing, etc.—to ensure compliance and continued progress. We are fully prepared to offer similar support for Sonja if the court finds it appropriate.

We do not excuse past behavior, but we do recognize and support individuals who are actively working to change. Sonja has earned our respect through her consistency, humility, and willingness to do the hard work of recovery. We believe she is on a promising path and are committed to supporting her in that process.

Please feel free to contact me directly if you need further information.

Sincerely,

Marshall Richter, Owner/Founder
