Dear [contact name],

My name is **Marshall Richter**, and together with my partner **Elizabeth (Liz) Richter**, we operate **Horizon House Sober Living**, a structured, accountability-driven recovery residence supporting individuals transitioning from treatment into stable, independent living.

We work closely with **treatment centers, interventionists, sober companions, case managers, and medical providers** who want a sober living partner that is consistent, communicative, and aligned with each client's long-term recovery goals.

About Our Homes

Horizon House consists of **two adjacent residences** — one for men and one for women — providing a clean, supportive, and highly structured environment for individuals serious about maintaining sobriety. Our program emphasizes:

- **Accountability** — daily routines, expectations, and clear standards
- **Integrity and honesty** — coaching residents to show up truthfully and consistently
- **Community structure** — peer support, shared responsibility, and a culture of growth
- **Safety and stability** — a predictable, recovery-focused environment

We are not a treatment provider; instead, we serve as the **bridge** between treatment and independent living, reinforcing the work your team has already begun. We follow **NARR Level II** certification standards.

Coordinated Communication & Collaboration

One of the greatest benefits of partnering with Horizon House is our commitment to **consistent, coordinated communication** with referring professionals.

We provide:

- **Regular updates** on attendance, engagement, and general progress
- **Immediate notification** of concerns, behavioral issues, or relapse indicators
- **Collaborative planning** for step-downs, aftercare, and long-term goals
- **Clear boundaries** around what we can and cannot provide

Our goal is to ensure you are **never in the dark** about how your client is doing once they leave your care.

Why Referral Partners Choose Us

Professionals who refer to Horizon House consistently highlight:

- Structure without chaos
- Firm but supportive guidance
- A home that reinforces treatment, not undermines it
- Residents held to consistent expectations
- A team that communicates clearly and professionally

We understand that when you refer a client, you are entrusting us with the continuation of the work you've already invested in — and we take that responsibility seriously.

Insurance Accepted

Horizon House is an approved provider for:

- **Medi-Cal through Riverside University Health System**
- **HHope Housing**
- **IEHP**
